

# Design your own Internet Website!

Work together with a classmate and design your website home page.

Name(s): \_\_\_\_\_

File	View	Insert	Format	Tools	Table	Window	Help
http://www.							

## Discuss

1. What kind of website did you create? What is the name and address of your website?
2. Why did you choose to create this kind of website?
3. Describe the kind of people who will visit your website (age, gender, etc.).
4. Will you make money with your website? How? How much money?
5. Which of your classmates has the best website? Why do you think so?

After you design your site, show it to your other classmates and discuss the questions.
